

ART EXHIBITION APPLICATION FORM

The Orem Public Library hosts art exhibitions in two exhibit spaces in the Children's Wing of the library to expose library patrons and staff to new art and ideas, encourage creativity, and provide exhibition opportunities to artists in our community. Exhibits are chosen by a staff committee based on the interest of library patrons, the quality of the work, and the suitability of the work for the library's exhibit spaces. If you are interested in exhibiting at the library, please read the following information and instructions.
